

## DATASERV CYBERSECURITY ASSESSMENT

### YOUR ORGANIZATION IS AT RISK

According to Microsoft Security Intelligence Report Volume 24, the share of inbound emails that were phishing messages increased 250 percent in 2018.

### PROTECT YOUR ORGANIZATION'S DATA

Data breaches put sensitive information at risk and expose your system to multiple threats. Protect your customers, staff, and community by securing your data and managing your risks.

### DATASERV CAN HELP

Our extensive Cybersecurity Assessment is tailored to your organization's needs. We work to empower you to make key decisions that enhance the safety of your information by providing you with clear insights into your current technology.

Our assessment helps you discover solutions for protecting your business. Our team implements improvements that mitigate your security risk and can lower your cyber insurance premiums.
